The Making Movies That Matter (MMTM) Youth Short Film Festival is one of Councilmember John Lee's cornerstone projects and his heartfelt arts education gift to the K-12 public and private school community in Council District 12 (CD12). Piloted in 2016 with 27 sponsored schools and 450 K-12 students, the MMTM Project has grown to be the largest film festival of its kind in the country with over 5,000 filmmakers creating 1,000+ films to date.

Please be aware that the RSVP portal at <http://www.cd12movies.com/> will open in April, 2026 so look to your child's school and staff for more details on how to reserve your seat for the Red Carpet Gala and Juried Film Festival on May 14th.
